**FD4**

4 x half size gastronorm dishes 65mm deep

**FD6**

6 x half size gastronorm dishes 65mm deep

### UNIQUE FEATURES

- These units can be used either Wet or Dry with a thermostatically controlled well. They can even be filled with ice to display cold food
- The stainless steel hood contains an Infra-red heating element controlled by an adjustable simmerstat. The hood also has a concealed LED light to illuminate the dishes, this is switched independent of the heating to allow for illumination of hot or cold displays.
- Glass ends give 360 degree visibility and spacious appearance. Optional front or back glass, as either solid or sliding doors and sneeze guard are also available
- Bain Marie tank is made from stainless steel, fully insulated and fitted with a rear facing drain valve
- All units are sized based on half sized gastronorm dishes 65mm deep, all units can be fitted with full size, third and half size dishes when fitted with correct divider bars.
- FD2x2 has 2 rows of 2 x half size dishes  
FD4 has 1 row of 4 x half size dishes  
FD6 has 2 rows of 3 x half size dishes  
FD8 has 2 rows of 4 x half size dishes
